EDUCATION

Bachelor of Computer Applications (BCA) - 8.9 CGPA
Science College (Autonomous), Hinjilicut.

CERTIFICATIONS

- AWS Certified Cloud Practitioner (CCP) - Verify

TECHNICAL SKILLS

- Programming Languages: Python, JavaScript, C
- Web Development: HTML, CSS
- Database Management: MySQL
- Cloud Computing: AWS
- Other: Networking

PROJECTS

Personal Finance Tracker:

Technologies: Python

Designed a simple yet effective command-line application that helps users monitor and manage their personal finances. The tracker allows users to record expenses, categorize transactions, and generate basic financial reports. This tool provides users with insights into their spending habits and helps them make informed financial decisions. The project demonstrates practical Python programming skills and basic data management concepts.

AI Chatbot:

Technologies: HTML, CSS, JavaScript, Gemini API.

Developed a straightforward AI-powered chatbot that provides users with an intuitive interface to ask questions and receive instant responses. The application integrates with the Gemini API to process natural language queries and de
liver relevant answers. This simple yet effective tool demonstrates practical implementation of AI technology in a web-based environment.
